PIZZA BUBBLE POPPER, 43" L

**List Price: \$28.00 EA**

Pack: 6

Cu. Ft.: 1.19

Weight: 9 lbs

We promise this series of products won't burst your bubble – just those pesky pizza dough bubbles that would otherwise burn to a crisp or compromise the taste of your pizzas! These poppers are a simple trick to ensuring flawless pizza crust where every bite is equally delicious. Choose from a variety of designs, including poppers with wooden handles, all aluminum poppers, and our red rubber gripper popper that easily fits into conveyor style pizza ovens. Rest assured, we have designed all our bubble poppers with long handles that allow your staff to safely reach into the oven without burning themselves. Our poppers are constructed of durable materials and will remain in outstanding condition even with daily use!

With a length of 43", this aluminum pizza bubble popper is the answer to flawless pizzas every time. Designed with a curved, sharp end, this tool effortlessly pops dough bubbles that would otherwise burn to a crisp or compromise the taste of the pizza. The long handle allows you to reach deep into the oven without burning yourself. Due to its aluminum construction, this popper is lightweight, easy to clean, and built to withstand commercial usage. Best of all, it can be hung up on a hook for easy storage. Use this bubble popper at your pizzeria, restaurant, diner, or hotel kitchen. Hand wash only.
