DISCOVER YOUR BEST DISPENSER

Find the best towel, tissue,
and soap dispenser for you

[CFS BRANDS] *Sets The* INDUSTRY STANDARD

Find The Best Towel, Tissue, And Soap Dispenser For You

CFS Brands' comprehensive line of towel, tissue, and soap dispensers set the industry standard for functionality, cleanliness, and affordability.

Selecting the ideal product from the overwhelming number of choices in the market can be a daunting task. We are here to help.

Use this handy guide to discover your best dispenser:

Summit

Oceans®

Classic

Valor by Jofel

Regardless of your facility size, or type, our wide range of towel, tissue, and soap dispensers are always the right choice.

Let's explore them together!

What to look for IN A DISPENSER

Dispenser Types

Manual dispensers require the user to push or pull for product distribution. Automatic dispensers are battery operated – normally motion activated with a back-up option to guarantee access to paper. All of the models we carry are rated highly by our consumers, but there are several factors to consider when selecting the best dispenser(s) for you.

Consider Cost

While cost is important there are other factors to consider when making your decision. What is the life span of the product? How often do you need to service the dispenser? Will it require batteries?

Use and Location

Where will it be used? How frequently? By whom? Smaller facilities with less frequent usage may prefer a less industrial product. Larger facilities with high traffic volume will benefit from a more durable product that includes thicker sidewalls. Automatic or battery-operated dispensers will require more additional maintenance compared to manual dispensers.

Appearance and Durability

Does the product need to color coordinate with your facility? Are you purchasing the family of products, or do you prefer a more eclectic look by mixing and matching?

SUMMIT™
