Bar Maid Premium Pour is the Ultimate 3 ball Measured Pourer

WHY PREMIUM POURS ARE "BEST IN THE BAR"...

1. Pourer ball bearings don't fall into the bottle thanks to our special patented design.
2. Smoother pour with less sticking ensured by a primer ring to channel liquor around the inner ball bearing.
3. Greater accuracy means more profit per bottle thanks to the patented three ball design.
4. Easy removal with our "lock-on" collar.
5. Four popular shot sizes $\frac{7}{8}$, 1, $1\frac{1}{4}$, $1\frac{1}{2}$ ounces, four colors, wide cork (larger bottles) and flip-tops (to keep the fruit flies out).
6. MADE IN USA

Bar Maid measured pourers provide accurate, consistent pours and place the power over profits in the hands of the bar owner.

How much profit could be lost each year to free pouring?

1 case (twelve .75 ltr bottles) = 304 ounces and yields 243 $\frac{1}{4}$ ounce pours

Just $\frac{1}{4}$ ounce over pour per drink results in a yield of only 203 drinks per case

At \$6 a drink, the bar owner could be losing \$240 profit per case

Multiplied by 7 cases a week results in

\$87,360 LOST PROFIT PER YEAR!

The patented three ball design makes Premium Pour the most accurate pourer available!
