

CORE CURRICULUM '24

Food Service Tools for
College and University
Prep to Presentation

Providing Solutions
for over 75 Years
Every Ware. Every Day.

TO SERVE AND PROTECT YOUR STAFF & STUDENTS

The challenges of recent years have created more opportunities for 2024 and TableCraft® will continue developing products and providing solutions for your employees, customers and students returning back to colleges and universities.

From prepping and serving food to fostering best practices, improving efficiencies, reducing waste, and promoting cleanliness and sanitation within your establishment, we have the tools to inspire and empower.

TableCraft® Product Company is proud to be an affiliated member of the following organizations:

Member of the National Association of College & University Food Services (NACUFS)

Member of the North American Association of Food Equipment Manufacturers (NAFEM)

Member of the National Restaurant Association (NRA)

our Cold Well
Simple Solutions™
Set-Up video.

Simply done...

Our Simple Solutions™ Buffet System is as easy to assemble as 1-2-3 to keep your cold storage presentations organized and help your operation perform more efficiently.

1

DROP-IN TEMPLATES

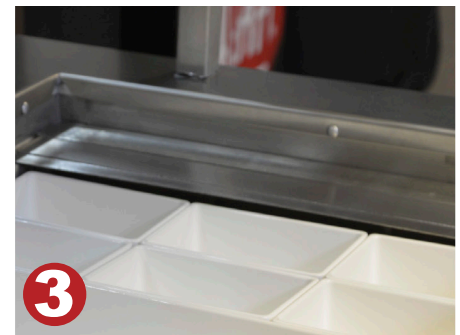

Place templates on the NSF-7 ledge inside your cold well unit. Each template is equal to one well. Per example above, a four well unit will need four templates. These templates rest slightly above the well floor and are perforated for maximum air flow circulation around our food bowls.

2

CAST ALUMINUM BOWLS

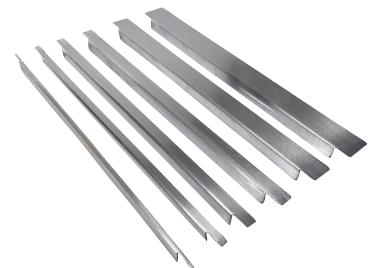

These vessels are the same size and capacity as traditional food pans or hotel pans. They are available in a variety of sizes: Full, Half Long, Half, Third, Sixth and Ninth size, so they are easy to configure inside your well. They should fit tightly together to retain cold serving temperatures. If there are gaps between bowls, slide all bowls in same direction then fill gaps with adapter bars as needed.

3

SPACER BAR KIT

Kit includes one of each bar: 0.25", 0.5", 0.75", 1", 1.25" and 2". Use individually to fill gaps at the end of your well or use in any combination to replace vessels for smaller food service; or create an alternative serving surface. Bars are manufactured to rest on the NSF-7 ledge inside your well and block cold air from escaping to optimize the efficiency of your unit.

Need help with your well configuration? Please contact your TableCraft sales representative.

Select single adapter bars are also available, see page 28 in our catalog for more options.

let's keep it
simple...

Our Simple Solutions™ Buffet System will keep your cold storage presentations organized and help your operations perform more efficiently.

**BUILD
YOUR BUFFET
WITH
BASKETS
& BOWLS**

Our **Cast Aluminum Bowls** are virtually indestructible. Their straight-sided designs allows them to sit perfectly together to save valuable space and helps reduce slips and drips from "slipping through the cracks" keeping serving area clean. The quality aluminum maintains the proper serving temperatures for all your foods. Plus, we offer a wide assortment of sizes and capacities (in 3" and 5" depths) to fill your presentation needs. See comprehensive catalog or contact sales rep for more details.

SIMPLE SOLUTIONS™ ACRYLIC COVERS

Keep your food covered and protected with these translucent acrylic covers for our simple solution bowls. Eliminates needing to prep and place product in a storage container saving storage and serve time.

- Translucent acrylic construction
- Fits both 3" and 5" Simple Solutions™ Bowls (coated or uncoated)
- When cleaning your acrylic cover, do not use abrasive cloths or paper towels. To sanitize, use warm water mixed with sanitizing dish soap, Hydrogen Peroxide (3%-5% Concentration), or a bleach-water solution (2% Concentration of Bleach)

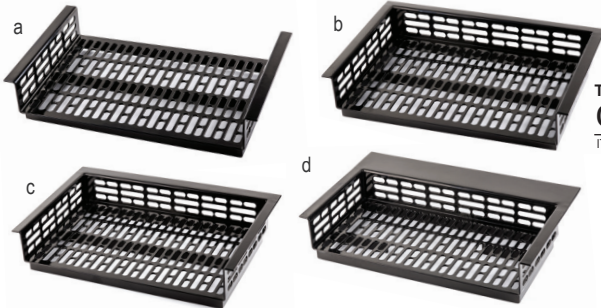

Item #	Description	Min Order

SIMPLE SOLUTIONS™ DROP-IN TEMPLATES

Stock your cold well unit with ease, using TableCraft's Simple Solutions™ Drop-In Templates. Designed to fit NSF-7 cold wells, our templates rest on the factory food pan ledge of a mechanically cooled cold food bar to cradle your food products within the proper cold zone.

- Templates are designed to offer your kitchen staff display versatility and promote best food safety practices
- Drop-in templates are available in regular 3" or deep 5" heights depending on your cooling stations well depth (see listing below)
- Available in Brushed (BRA) or DuraCoat™ Colors (see page 21)

Just add ice...

Our wells are constructed to fill and chill. Start with ice, then build to fit your needs. These short-term cold serving solutions will bring the cool to any indoor or outdoor buffet or catering event.

Add-in Simple Solutions™ Drop-in Template(s). Wells can accommodate either a 3" or 5" drop-in template(s).

Note: Make sure ice level does not interfere with template resting on ledges inside well.

We offer a variety of Cast Aluminum Bowls. See opposite page for configuration options.

PORTABLE INSULATED ICE WELLS (with or without Lids)

Portable Insulated Ice Wells are essential additions to any self-serve line; perfect for indoor and outdoor events, buffets, hotels, restaurants, and cafeterias. Also works well as a stand alone beverage or individually packed goods cooler; keeping your food, drinks, or desserts chilled and ready to serve.

Our wells are constructed of fabricated aluminum—sealed, double walled with 1" thick insulation material to promote up to 3 hours of cold display while reducing the appearance of condensation. Non-slip feet affixed to the underside of the unit keep it in place on your serving line. Drain hole, located on the back, allows for easy emptying and clean up.

- Available in Single and Double Wells (with or without Lid) in Brushed (BRA) finish and Translucent Clear (TCL), Black (TBK) and Copper (TCP) coatings
- Custom options also available. To ensure a proper fit, provide dimensions and requirements to your TableCraft sales rep
- For Cold Serving Only, Keeps food chilled up to 3 hours
- Add ice to the well. If using drop-in templates, fill ice up to the bottom of the template. Well will accommodate (1) drop-in template for single and up to (2) drop-in templates for double well
- If using Simple Solutions Cast Aluminum serving vessels, pre-chill the bowls in the freezer for 8 hours before use to minimize temperature changes
- Hand wash well with dish soap and warm water

SAFETY SHIELDS

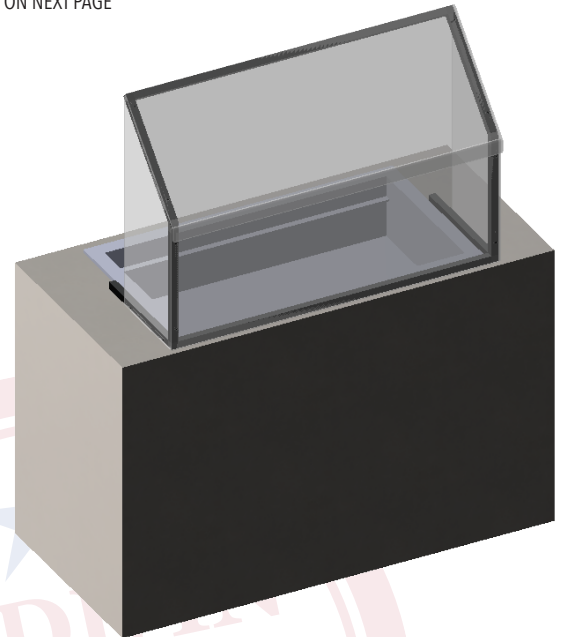

FOR COLD WELLS

Finding solutions to modify current serving stations has become a must. By limiting the access to self-serve foods, contamination and health risks can be reduced for both staff and patrons. Adding shields or partitions can be more economical alternatives for restaurateurs and operators than remodeling serving and dining spaces. Our cold well acrylic shields with black metal frames are offered in 2, 3 or 4 well configurations.

For custom requests, please contact your TableCraft sales rep.

- ¼" acrylic provides excellent clarity, cleanability and durability
- Light-weight, durable frame constructed of extruded metal tubing and plastic connectors
- Ships flat and assembles easily, no drilling or tools required
- Made to order and ship from Willis, TX location

Item #	Description	Min Order
COLLAPSIBLE METAL FRAME SAFETY SHIELDS FOR COLD WELLS

TRI-PLY STAINLESS STEEL HOT FOOD TEMPLATES

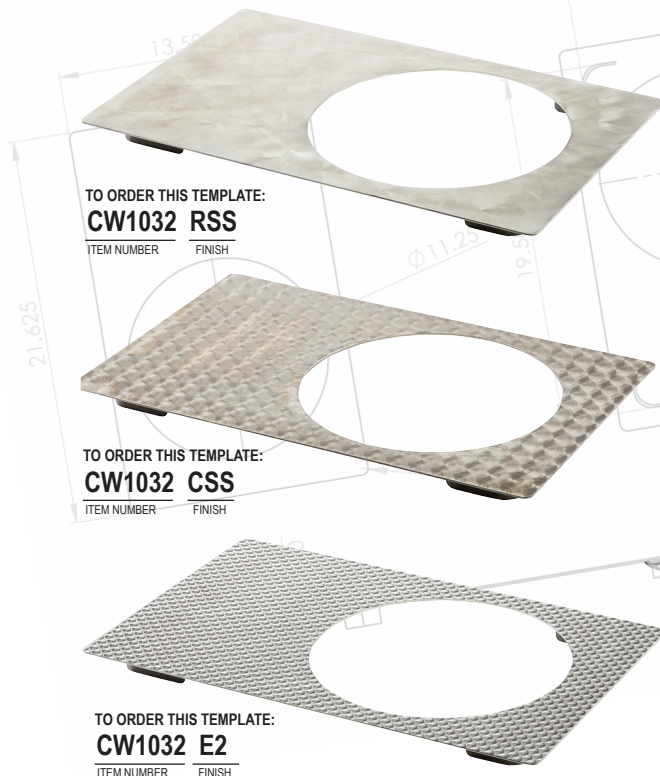

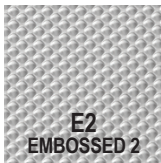

TEMPLATE DIMENSIONS
Standard Size: 13½ x 21⅝"
Fits Well Size: 11⅞ x 19⅞"

Enhance the appearance of your buffet with our easy-to-clean templates. Our templates help save energy by trapping the heat from raising above the pan. Accommodates temperatures up to 450°F, to keep food hot longer. Made to order* in the USA to fit standard 12 x 20" wells, our templates are precision cut to fit our tri-ply cookware. We can provide AutoCAD support to customize templates to fit standard size wells and your existing cookware and serveware. We also offer six surface textures (shown left) to help create a unique buffet experience, while helping to reduce fingerprints and camouflage dings, dents and spills.

*Templates and tiles are not stock items. They are made to order and non-refundable.

HOT WELL COVERS

- Bring modern style and presentation to your hot food buffet
- Perfect solution for restriction-free serving quantities
- Strong, durable and lightweight construction
- Available in various surface finishes and custom sizes
- The aluminum surface will transfer heat evenly to your food to help maintain proper holding temperature
- Templates are designed to cover industry standard 12 x 20" steam wells
- Plates are welded with legs underneath to fit within the well cavity to hold them in place
- Custom size covers are available
- To ensure a proper fit, well dimensions and drawings are required, contact your TableCraft rep for details
- Stainless Steel covers are available in Brushed (BRS), Circle Swirl (CSS) or Random Swirl (RSS) finishes as well as Embossed Finishes (E1, E2 and E3)

WHY IS **ANTIMICROBIAL™** IMPORTANT TO OUR UTENSILS AND YOU?

Antimicrobial inhibits the growth and reproduction of harmful bacteria, mold and mildew which can cause illness, odor, and staining. Antimicrobial substances are infused within vinyl handles to provide built-in antimicrobial protection against contamination from human contact and food residues. It is safe for food contact and will not wash or wear away from use or cleaning. It is proven to keep serving utensils cleaner between washings. This antimicrobial formula is USA Environmental Protection Agency (EPA) registered and EU Biocidal Products Regulation (BPR) certified.

Capacity is engraved on underside for portion control

PLA STRAW

FACTS:

- PLA = Polylactic Acid (PLA) is a bioplastic derived from renewable resources like corn starch or sugar cane
- PLA takes up to 65% less energy to produce than other conventional plastics
- PLA straws are also not intended to be used with hot beverages

PAPER STRAW

FACTS:

- Free of gluten, GMO or BPA
- FDA, EU and California Prop 65 compliant
- Made of paper and coated with food grade adhesive (no beeswax)
- Breaks down quickly in a compost environment
- Designed for single use, but will last up to 4 hours—much longer than the typical meal service
- Not intended to be used with hot beverages
- Available in custom designs, minimums and lead times vary

Because one size does not fit all...

We offer our PLA and PAPER straws in three standard lengths (5¾", 7¾" & 10") and (5mm, 6mm & 8mm) diameters.

3 diameters to choose from

(actual size)

- NATURAL
- SOLID BLACK
- SOLID WHITE
- BLACK STRIPE
- RED STRIPE

TO-GO BEVERAGE POUCHES

Pack up your house beverages to-go with TableCraft's Plastic Beverage Pouches. They're a fun alternative to plastic, styrofoam, or a paper cup! Available in varying capacities to fill with your drink specials, juices, mixers, fruits or veggies and more! Perfect for carry out and to-go beverages for your customers to enjoy from the comforts of their own homes. Pouches also work well to store and seal food and ingredients to prepare take away meal kits. Translucent polyethylene pouch design opens so you can stand it up; making filling and prepping simple and easy.

- Cash & Carry packs available for 10 and 16 ounce capacity pouches
- Single Use Recyclable Plastic
- Freezer Safe
- For use with cold beverages and food items

NEW

STAINLESS STEEL CUT-RESISTANT GLOVES

Our new Stainless Steel Cut-Resistant Gloves prevent accidental injuries when cutting, trimming, slicing, or chopping. The gloves have an ambidextrous design for comfort and safety and have the highest cut level rating for more protection.

- ANSI cut level 9
- Made of Stainless Steel with removable polyester glove (single glove, single inner glove)
- Conveniently packed for Cash & Carry
- Color coded by size with adjustable strap

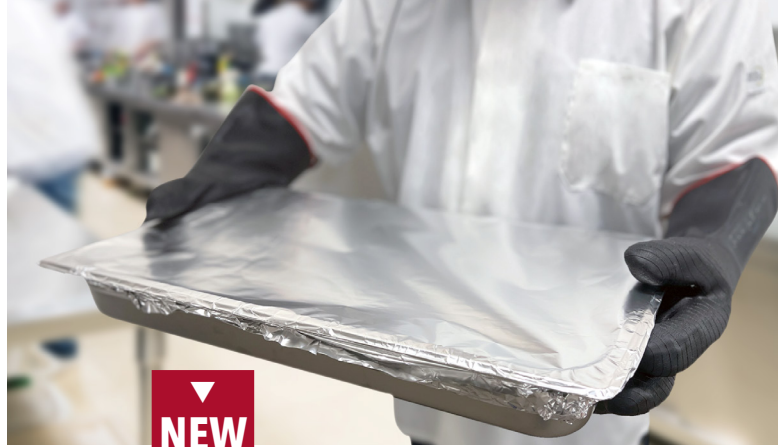

Cleaning Instructions:

Soak in water for 10 minutes with standard synthetic detergents. Gently wash, rinse, and dry. Cleaning water should not exceed 140°F/60°C.

Packaged for Cash & Carry

NEW

HIGH HEAT GLOVES

Our High Heat Gloves are great for high temperatures while cooking, baking, or grilling. These gloves are flame resistant and one size fits all.

- Heat safe for temperatures up to 932°F
- Packaged as a pair of 2
- Conveniently packed for cash & carry

Cleaning Instructions:

Apply soap or detergent on the outer surface, then rinse directly under the tap after use. Do not clean the inner cotton layer.

PUMPS

PLASTIC, STATIONARY & MAXI

- Plastic pumps, suitable for low viscosity sauces and syrups—for speedy preparation and less mess
- Our stationary pumps feature stationary nozzle for precise dispensing of a wide variety of condiments and viscous products
- Maxi WideMouth™ design ideal for dispensing high viscosity chunky products—salsa, relish, tartar sauce, dressing, etc.
- Wide choice of sizes to suit various bottle sizes
- We recommend disassembling pumps to hand wash
