Product Notes

Packaging Details

Dimension Tolerance of 0.40" / 1.0 cm

An easy peel piece UPC label is applied to the inside of each basket. Baskets are then nested together as 6 each and placed into a poly bag to create an inner pack. Poly bags with an opening larger than 5"/12.70cm require two punched holes and a multilingual suffocation warning. Inner packs are tied off to prevent baskets from falling out. There are 24 each per master (5-Ply). Two upc labels are applied to adjacent corners of each inner and master carton.
