## Features

- Constructed with medium-duty stainless steel and supported by galvanized legs, this unit is designed for durability and includes casters to ensure easy mobility.
- Features eight-inch deep wells, capable of holding five full-size food pans (available separately), and offers flexibility in pan configurations.
- Equipped with a polyethylene cutting board, measuring eight inches in depth, providing ample additional workspace.
- Includes a convenient lower shelf for extra storage, ideal for keeping utensils, pans, lids, or serving supplies within reach.
- Each well, with a power output of 750 watts, can be controlled independently, allowing for precise and versatile heating options.
