# Made in the USA

## Quality Products. Guaranteed.

---

For over 75 years and 4 generations, TableCraft has been providing relevant and reliable products to the foodservice industry. We import many of our goods from around the world, but we pride ourselves on being able to produce many of our core items here in the United States.

By producing products domestically we can better control the quality and speed to market while keeping our costs more competitive for our customers. Plus, our assortment of US-Made products spans over six of the major foodservice categories. Whether its squeeze bottles, foil and wrap dispensers, customized buffet equipment and bar solutions, TableCraft's Made in the USA products will add value to every operator's experience—from prep to presentation.

# PROFESSIONAL

# BAKEWARE

BY

Professional Bakeware by TableCraft has a deep-seated history of bringing high quality products to market that are dependable and promote food safe practices.

Our Cast Aluminum items offer virtually unbreakable designs that conduct and maintain temperatures for an extended period of time; better than most other serving options in the market. We offer 23 colorful DuraCoat™ Cast Coating options plus natural. Mix and match serving pieces to create an eye catching presentation to enhance your brand image. Our DuraCoat™ features and benefits are listed below. For more information, please contact our customer service or your local TableCraft sales representative.

Most of our Professional Bakeware (ProBake) products ship directly from our Willis, Texas location. Select items are also stocked in Gurnee, IL.

Our DuraCoat™ Cast Coatings are:

- NSF® listed
- Dishwasher safe
- Safe to use with foods containing less than 8% alcohol
- Safe for cold food temperatures as low as -20°F
- Not intended for hot well or steam table use

We recommend natural finish items only for all hot food applications.

TableCraft also provides a convenient and unique recoating program. Please contact your dealer for a quote and a recoating authorization (RCA) to refinish your cast aluminum serveware.

*Please allow up to 4 weeks for TableCraft to refinish your cast aluminum project.*

# DURACOAT™ COATED CAST ALUMINUM COLORS

# SIMPLE SOLUTIONS™ BUFFET SYSTEM

Scan code to view our Cold Well Simple Solutions™ Set-Up video.

keeping it **simple...**

Our Simple Solutions™ Buffet System is as easy to assemble as 1-2-3 to keep your cold storage presentations organized and help your operation perform more efficiently.

## DROP-IN TEMPLATES

Place templates on the NSF-7 ledge inside your cold well unit. Each template is equal to one well. Per example above, a four well unit will need four templates. These templates rest slightly above the well floor and are perforated for maximum air flow circulation around our food bowls. We also offer riser templates that can be placed directly on the floor of your cold well for additional vertical space (see page 8, 9).

## CAST ALUMINUM BOWLS

These vessels are the same size and capacity as traditional food pans or hotel pans. They are available in a variety of sizes: Full, Half Long, Half, Third, Sixth and Ninth size, so they are easy to configure inside your well. They should fit tightly together to retain cold serving temperatures. If there are gaps between bowls, slide all bowls in same direction then fill gaps with adapter bars as needed.

## SPACER BAR KIT

Kit includes one of each bar: 0.25", 0.5", 0.75", 1", 1.25" and 2". Use individually to fill gaps at the end of your well or use in any combination to replace vessels for smaller food service; or create an alternative serving surface. Bars are manufactured to rest on the NSF-7 ledge inside your well and block cold air from escaping to optimize the efficiency of your unit.

Need help with your well configuration? Please contact your TableCraft sales representative.

Select single adapter bars are also available, see page 12 for more options.

## SIMPLE SOLUTIONS™ DROP-IN TEMPLATES

Quick and convenient should work both ways...for patrons and employees. Stock your cold well unit with ease, using TableCraft's Simple Solutions™ Drop-In Templates. Designed to fit NSF-7 cold wells, our drop-in templates rest on the factory food pan ledge of a mechanically cooled cold food bar to cradle your food products within the proper cold zone.

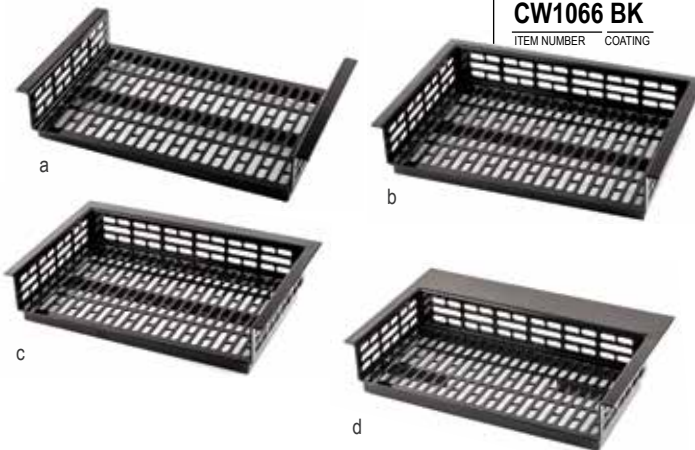

- Templates are designed to offer your kitchen staff display versatility and promote best food safety practices
- Drop-in templates are available in regular 3" or deep 5" heights depending on your cooling stations well depth (see listing to right)
- Available in Brushed (BRA) or DuraCoat™ Colors (see page 5 or contact your TableCraft sales rep for details)

# well-covered wells

As the need for more food safety practices and reimagination of spatial efficiencies continue to grow, our Professional Bakeware offering is ready to serve.

## COLD FOOD WELL TILES

Tiles help keep foods at optimal serving temperatures while creating an energy efficient food safety zone. They are a great way to convert your current cold wells into grab-n-go stations or create additional usable surfaces when not in use. Tiles are available in solid or grid pattern.

## SAFETY SHIELDS

### FOR COLD WELLS

Finding solutions to modify current serving stations has become a must. By limiting the access to self-serve foods, contamination and health risks can be reduced for both staff and patrons. Adding shields or partitions can be more economical alternatives for restaurateurs and operators than remodeling serving and dining spaces. Our new cold well acrylic shields with black metal frames are offered in 2, 3 or 4 well configurations. For custom requests, please contact your TableCraft sales rep.

- ¼" acrylic provides excellent clarity, cleanability and durability
- Light-weight, durable frame constructed of extruded metal tubing and plastic connectors
- Ships flat and assembles easily, no drilling or tools required
- Made to order and ship from Willis, TX location

Item #	Description	Min Order

Options

Enhance the appearance of your buffet with our easy-to-clean templates.

Our templates help save energy by trapping the heat from raising above the pan. Accommodates temperatures up to 450°F, to keep food hot longer. Made to order\* in the USA to fit standard 12 x 20" wells, our templates are precision cut to fit our tri-ply cookware. We can provide AutoCAD support to customize templates to fit standard size wells and your existing cookware and serveware. We also offer six surface textures (shown left) to help create a unique buffet experience, while helping to reduce fingerprints and camouflage dings, dents and spills.

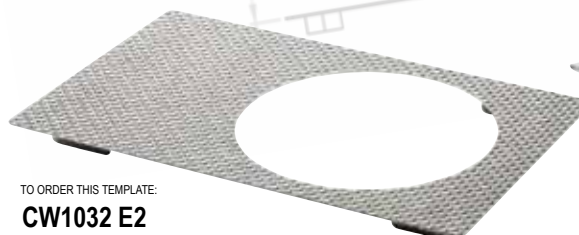

\* Templates and tiles are not stock items. They are made to order and non-refundable.

## FINISH FOLLOWS FUNCTION

We have over 30 standard templates to choose from or we can work with you to provide CAD drawings engineered to ensure our templates are precisely constructed to fit your needs.

Pick the template that suits your service, pick the finish that suits your style and we'll deliver well-dressed results!

Which template finish would you pick for our TRI-PLY GRILL PAN (#CW7020)?

HOT SERVING SOLUTIONS & COOKWARE

# all covered!

Since these covers will be built to your steam wells exact dimensions, each one will align perfectly to the next. No gaps means one continuous serving surface. Making it even easier to display and to keep clean.

## HOT WELL COVERS

- Bring modern style and presentation to your hot food buffet
- Perfect solution for restriction-free serving quantities
- Strong, durable and lightweight construction
- Available in various surface finishes and custom sizes
- The aluminum surface will transfer heat evenly to your food to help maintain proper holding temperature
- Templates are designed to cover industry standard 12 x 20" steam wells
- Plates are welded with legs underneath to fit within the well cavity to hold them in place
- Custom size covers are available
- To ensure a proper fit, well dimensions and drawings are required, contact your TableCraft rep for details
- Stainless Steel covers are available in Brushed (BRS), Circle Swirl (CSS) or Random Swirl (RSS) finishes as well as Embossed Finishes (E1, E2 and E3)

# station to station

TableCraft's Action Stations create the perfect made-to-order destination. Ideal for omelet or crepe stations. Get creative and use it as a taco, pasta bar or stir-fry station. Each unit features a drop-in electric induction cooktop: (1) for each single station and (2) cooktops for a double station. Each single and double station also includes (2) half long cooling plates.

## COUNTERTOP KIT INCLUDES:

- Induction Countertop Station (CW40199\*)
- Drop-In Electric Induction Cooktop (CW40196)
- (2) Half Long Cooling Plates (CW60103)
- Bowls not included, see page 5 for options

# protect and serve

**BUFFET & CATERING**  
SAFETY SHIELDS

Our **Safety Shields** are designed to promote **social distancing** and **safer food practices** without compromising the **customer experience**.

## SAFETY SHIELDS WITH FRAMES FOR ACTION STATIONS

Shields (shown above) feature a metal frame with an acrylic shell to provide added stability and increased durability.

- Can be disassembled for cleaning
- Integrated venting helps keep induction cook-top cool during use
- Frame available in black or random swirl pattern

Both shield options feature integrated vents to allow air to circulate freely to keep butane stove or induction cooktop fans cool.

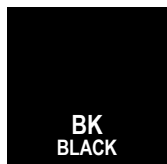

## SAFETY SHIELD PARTITIONS FOR ACTION STATIONS

Our simple acrylic shields (below) can be used to protect servers and patrons during cooking and serving.

- Lightweight, easy to assemble and disassemble
- Light assembly, no hardware required
- Integrated venting helps keep induction cook-top cool during use
- Can also be used with other modular action station units such as single butane station (CWACTION6\_) see product on page 46 in our catalog

### Two Frame Finish Options

The CWACTION2SHIELD works with Double Butane Station (CWACTION5) shown above or other modular Action Station items. Made to order tabletops are also available in Stainless Steel and Aluminum, see pages 36, 37 for details.

<b>SALT &amp; PEPPER REFILLERS—PLASTIC</b>		
l. 90PT	Top Only for 90P	1 ea
m. 90ST	Top Only for 90S	1 ea

# PUMPS PLASTIC, STATIONARY & MAXI

- Plastic pumps, suitable for low viscosity sauces and syrups—for speedy preparation and less mess
- Our stationary pumps feature stationary nozzle for precise dispensing of a wide variety of condiments and viscous products
- Maxi WideMouth™ design ideal for dispensing high viscosity chunky products—salsa, relish, tartar sauce, dressing, etc.
- Wide choice of sizes to suit various bottle sizes
- We recommend disassembling pumps to hand wash

View a video on our pump dispensers.
