

# Grosfillex

**COMMERCIAL RESIN FURNITURE**

*Your best value for Food Service & Hospitality!*

*Exterior Commercial Furniture Collection 2016*

# Grosfillex

*Celebrating over 29 years of manufacturing in North America, Grosfillex has built a solid reputation on research and development of innovative commercial products, always focusing on new materials and technologies, while staying loyal to the values and requirements of the commercial market. We are committed to providing the Foodservice, Hospitality, and Institutional professional with durable furnishings that feature the performance, durability, functionality, style, and comfort, they have come to expect at a competitive price. Grosfillex continues to evolve its designs through their enduring passion for the industry.*

## *Committed to Quality*

*Grosfillex insists on delivering exceptional quality in every piece of furniture they make. By paying attention to details in the manufacturing process and using the best materials and techniques available, we have established ourselves as a leader in the commercial grade outdoor furniture industry, building our products to perform like no other. Grosfillex sets the standard of excellence throughout the industry and has established quality and safety through ASTM standards for commercial outdoor seating. We are so confident in our products that each is backed by a commercial warranty.*

## *Committed to Value*

*Grosfillex has distinguished itself as a leader in the commercial grade furniture industry through its unique product design, quality, functionality, style & comfort. Each of these elements are a must have to define the perfect outdoor space whether it be poolside or dining under the stars and they are all provided at the best value money can buy! North American operations include manufacturing facilities in Pennsylvania and distribution centers in both Pennsylvania and California supplying affordable, quality products, prompt service and on-time deliveries to ensure ongoing customer satisfaction.*

## *Committed to Innovation*

*Grosfillex's years of research have resulted in proprietary resin composite formulations and technologies that capture the look and texture of wood, metal, and wicker: Rexform®, Kevring®, MPC Technology®. These materials also allow the exceptional design integrity in the production of our tables and chairs. They replicate the look and texture of natural materials without the maintenance and at a fraction of the cost!*

**Grosfillex prides itself on respecting the environment with a low energy manufacturing process that produces no emissions and with a concentrated effort of reducing, reusing, and recycling all other materials. Manufacturing plastic products uses less energy than making similar products from other materials. Grosfillex resin products do not use topical treatments which can peel off and contaminate the water table. Grosfillex resin furniture is 100% recyclable.**
